¹ The Board reserves the right to revisit a course granted accreditation subject to periodic reporting requirements.

Update:

At its meeting on the 14 September 2026, the Accreditation Committee resolved to extend accreditation of the **Post Graduate Diploma in Health Psychology** training programme delivered by the University of Auckland until 30 June 2027.

This allows the Board to ensure that the full accreditation process has been completed and that in the meantime the training programme is still accredited to continue teaching interns.
